150 Foot Wide Along S. P.

Campbell Expressway Shoots Into San Jose

Changes advocated by the City of San Jose on a street and highway map recently approved by the Campbell Planning Commission would have the proposed extension of Hamilton avenue west of San Tomas Aquino Road, follow the westerly city limits and intersect Campbell Avenue about three-quarters of a mile east of the Saratoga-Santa Clara Road. A kink in Leigh avenue would allow a dip to Dry Creek Road and up to Cambrian Park, rather than a bridge as was previously proposed.

It proposed that Casey Road be 90 feet wide to tie in with Curtner Avenue. Main concern of the Campbell planners was the proposed 150 foot wide street parallel to the Southern Pacific Railway to intersect at the Hamilton avenue interchange and which would shoot right into San Jose. Planners indicated it was not designed to benefit Campbell.

Planners scored the issuance of a building permit by the county for a residence on Gilman avenue zoned M-1 and had to go along with the re-zoning as work had already started on it. They did however turn thumbs down on an apartment house use permit request on property now zoned for light manufacturing.

Ivan Kucich had plans to build four 4-unit apartment houses and a 24-unit apartment house on the west side of the San Jose-Los Gatos Road between Hamilton avenue and Campbell avenue right after the property had been approved as a subdivision. Secretary Homer Hyde contended the area was set up for industry under the master zoning plan, and that to change it would be to sabotage the overall plan. This land he said was needed for industries to provide a lower tax base.

Planners returned plans submitted for architectural approval by E. A. and E. R. Garrison, so that new plans embodying features requested by the city engineer, could be included when reconsidered at the November 10 meeting. This calls for a set-back line with curb, sidewalks and gutters at Winchester Road and a 30-foot wide driveway. It also calls for parallel parking at the rear of the buildings. Garrison said the seven proposed stores would have a total of 5680 square feet.

The commission granted permission for Lee Bros. Market to erect a display sign at the Winchester Shopping Center site and approved architectural plans for the Hamilton Plaza Shop Center, and deferred until next regular meeting proposed approval of subdivision map of Camp and Sondino in Sunberry Gardens so that street dedication can be provided for and storm drainage charted. The application of Dr. Glen Stoops to rezone his residential property on Winchester Road to commercial was set for hearing November 17.

Campbell Area Chest Returns $2600 To Date

Contributions to the Campbell Red Feather Campaign for support of youth, health and welfare agencies of the Community Chest has reached $2,610, George B. Kemp, chairman, announced yesterday.

This is 26.10 percent of Campbell's $10,000 goal in the Red Feather appeal.

Of the $2610 total reported to date, $1695 has been contributed by the schools division, headed by Delos Bagby, superintendent of the Cambrian School District.

The appeal among the 12,000 pupils and 500 teachers in both the elementary and high schools in Campbell, Cambrian, Moreland and Union districts is almost completed, Kemp said, and additional contributions will be reported at the next progress meeting.

The $2610 Campbell total also includes $867 from the business and professional divisions in charge of David E. Farley, Henry Jewell, Roland Risso, Thomas Daugherty, and Paul Basham.

The residential canvass among Campbell homes is just getting well under way, Kemp said.

The Campbell Red Feather Campaign is being conducted in co-operation with similar appeals in San Jose, Santa Clara, Milpitas, Cupertino and over 20 neighboring rural centers, with Robert C. Linsey as general chairman.

Over-all goal of the campaign is $410,900 and current progress reports show contributions of $174,996 or 42.59 per cent of target.

Campaign progress report meetings are being held Tuesday and Thursday noons at Hotel De Anza in San Jose, and all Campbell volunteers are invited to attend, Lindsey said. The luncheons are no-host affairs, at $1.25 a plate.

Contributions to the campaign throughout Central Santa Clara County will be shared in 1956 by 27 Community Chest agencies which serve this area.

A. business meeting next Tuesday evening. The subject of Dr. Hughes' talk is in keeping with the theme of the National Congress of Parents and Teachers, "Teamwork Does It".

Co-chairmen for the program of the evening are Mrs. L. M. Dodd, chairman of Child Health, and Mrs. George Craig, Chairman of Parent Education.

Hostesses will be room mothers of the following home room teachers: Mrs. Alene Seese, Mrs. Jeanette Peterson, Mrs. Dorothy Aguilar, John Hobberlin, Robert Crockett, Ralph Dill and Claude Walsh.

CONTRACT AWARDED FOR LANDSCAPING AT CAMDEN HIGH

Campbell High School District board Tuesday awarded contract for landscaping Camden High School grounds to the Leonard Coates Nursery whose bid of $3,856 was lowest of five received.

Board granted 25-day extension to Contractors Darrigo and Powers to complete Camden High gymnasium and decided to call bids for paving driveways and parking areas at Camden High school, and for sidewalks, curbs and gutters there. Guy Schraders, vice-president presided in absence of William Lloyd who is ill.

CAMPBELL SCHOOL BOARD SETS JANUARY 12 FOR STATE AID VOTE

Voters of Campbell Elementary School District will be asked to go to the polls next January 12 to authorize district trustees to receive up to $1,800,000 in State money for necessary school construction.

Money would be made available to heavy growth areas to expand school facilities such as Dover, Quito, Cherry Lane, Cypress and Monroe schools. Currently, some of these schools are capable of meeting enrollment needs, but accurate surveys show continued heavy subdivision activity and influx of new families will render at least these schools inadequate to meet requirements a year or two hence.

Trustees approved the election unanimously, and pointed out that because the district is currently bonded to capacity, as it has been for several years past, acceptance of new State funds will not materially affect the tax rate, which is set by law for such purposes as bond retirement.

Final Count On Bond Election Shows No Change

Absentee voters cast 23 yes votes and 5 no votes for each of the three bond measures for the city election, according to the official count by the city council Tuesday evening, but this majority was not quite enough to give the necessary two-thirds majority to carry.

There were 1059 votes cast, with 9 spoiled and not counted. Final count total was City Hall bonds 649 yes, 404 no; firehuose bonds 649 yes, 404 no; firehouse bonds bonds 616 yes, 429 no. The west side, where voting was done at the high school carried both the firehouse and corporation bonds by over two-thirds majorities and was but four votes short of enough for the city hall.

CAMPBELL GIRLS ON PROGRAM STATE MEET FHA AT ASILOMAR

Adele Charlson, Campbell Union High School Economics teacher, has prepared a ceremony for the Devotional to be performed by five of her students at the annual convention of California Association of Future Homemakers of America at Asilomar tomorrow through Sunday. Sonja Benson, costumed in a National red corduroy skirt, white choir robe with a red rose pinned at her shoulder, carrying a white Bible with a red rose inserted as a book mark, will lead the ceremony. A large white crepe paper globe of the western hemisphere, with North and South America shown in red, which was made by the Campbell girls, will carry out what promises to be a very effective ceremony. The map of North America on the globe has been fashioned as a door which Sonja will open to reveal a typical American home, with a light shining on it from within the world. As each of the other four girls, in similar costumes step forward she will reach into the globe and draw out a red satin ribbon to which will be attached a paper with one of the goals written in verse form which each girl will read. Other Campbell girls in the ceremony are Leona Scattinin, Carol Steinmetz, Jeanette Hiland and Frances Rodriguez. Leona Scattini and Carol Steinmetz have been chosen as delegates. Delegates are selected on a competitive basis from girls who have taken part in and contributed the most to home and community activities and a maunscript prepared by the girls outlining their activities.

Approximately 600 girls from the thirteen sections of California will attend the convention, representing 226 chapters, with a total membership of 8,642.

"FHA—A Beacon Toward Success", the theme of the meeting, reveals the atmosphere under which the delegates will gather to gain new inspiration, ideas and enthusiasm to take back to their various chapters.

Future Homemakers of America will be celebrating its 10th anniversary on the national level. This will be the ninth annual meeting of the California Association of F. H. A.

The purpose of the meeting is to exchange ideas, meet FHA from all parts of California, to "take stock" of our F. H. A. program on the basis of "What We Have Done Well" and "Where Are We Going?", the National Convention, and attend to state business and policy making.

Mrs. Olga Bese, her daughters Mrs. Louis Franz and Arlent Bese, and Sylvia Barkman will attend the ceremonies on Saturday. Mrs. Franz, formerly Virginia Best, is a graduate of Campbell Union High School and is now in her senior year in Home Economics at San Jose State College.

Ellen Nunamaker and Josephine Buccelato, accompanied by Mr. and Mrs. Neal Nunamaker will also attend the Saturday session of the convention.

Buc Harriers Edge Los Gatos

Running in their first dual meet Tuesday, October 18, the harriers from Campbell High managed to nose out Los Gatos, 25 to 30, even though the Bucs were running on the losers' course which was totally unfamiliar to them. The point total for each team is determined by the first five runners of that particular team. The object is to achieve the lowest point total. The best possible score would be 15 which would be the case if the first five places were captured by one team.

The first five runners from Campbell were Ronnie Reeder, who came in 2nd with a time of 13:16, Greg Hoffman, 3rd, Marv Castle, 4th, Larry Tyrell, 7th, and Tom Goulding 9th. Add up the places and you arrive at the Buc point total of 25.

Dion Salfen of Los Gatos swept over the two mile course in 12:58 to take first place. The thirty runners were forced to hurdle a gully, pass through a rough walnut orchard, climb steep slopes, jump through mud and dodge a wheelbarrow and other tools where a ditch was being dug.

In all, nineteen Campbell boys ran the course. Those not yet mentioned are Conrad Kersey, Gary Foote, Bob Young, Dick Tuttle, Bob McGuire, Henri Zander, Britt Finley, Steve Dunn, Warren Wood, Bob Longuevan, Ken Sweet, Bob Blandford, Dave Schrader and Les Hinz.

Hamilton School Panel Discusses Teaching Methods

More than 125 Hamilton School P. T. A. members took part in an open discussion on present day educational methods at their meeting October 17. Panelists were Neal Royer, principal of James Monroe School; John Duncan, principal of Moorpark School; Mrs. Lela Salmi and Gilman McMillan, faculty members at Hamilton School. Wayne Fontes, principal at Hamilton was the moderator. Disciplinary action in schools, grading systems and teaching of penmanship took up most of the discussion period when interested parents and teachers had an opportunity to exchange views on educational methods.

William Ramadka, P. T. A. president, introduced the executive board and Wayne Fontes, principal, introduced faculty and staff members. The meeting was opened with a salute to the flag, led by Pack 76, Den 4 of the Cub Scouts.

Faculty members baked the cake which they served with coffee following the meeting.

On Saturday Nov. 5, 1955, the rally commission has been invited to attend the California vs. the University of Wash. football game and to watch an informal program given by the Rally Committee of the Univ. of Cal.

POLICE CHIEF WANTS MORE MEN AND LARGER QUARTERS

Chief Robert Locke asked permission of the city council Monday evening to move the police department out of the fire station and in the building back of the library now used part time by the building inspector, citing that with population growth and new subdivisions changing the geography, there is need for more policemen and an office clerk. He said one-man car patrol at night is dangerous and that auxiliary police are not to be relied on if life is at stake and that they are not available after midnight. He cited that on a 1.25 policeman per 1000 population, Campbell should have 10 policemen, instead of five, but said he did not expect that many with help from Auxiliary in the evening.

Chief Locke also spoke in behalf of city employees that steps be taken to have civil service status and that retirement funds be set up, the council setting Tuesday evening for an informal discussion on this subject.

Fire Chief Jack Scott reported the servicing area is increasing and that because there is no cover for the fourth fire truck it is deteriorating out in the open.

John Chargin, mayor pro-tem said these matters are acute and there seems no immediate solution. He said the city may have to shop around for office space, and that a citizens committee may be named by Mayor Morton to propose a course of action.

Martin Walsh, attorney, wrote that outside cab companies are picking up fares in Campbell without a license, to the detriment of the local firm. Matter referred to city attorney.

Rotary Club asked city to fix up the street signs the club had originally erected, and Street Superintendent LeRoy Black said they had been repaired but he would check further.

Mark Thomas, city engineer proposed applicants for commercial zones be required to meet similar zoning requirements as subdivisions as to storm sewers, curb and gutters and electroliers, matter being referred to planning commission.

L. E. Means told Council merchants expect to put up Christmas decorations in about a month and need clearance to use utility company poles and some man power help from city. Action deferred until next meeting.

Final map of Latimer Park subdivision with 154 building lots was approved and resolution adopted. Another subdivision of 16 lots off Latimer avenue, starting 516 feet west of Winchester Road was approved.

A resolution was adopted on annexing small acreage south of Kennedy avenue east of Winchester Road, with hearing set for December 5.

Councilman Charles Rose was named official representative for the Civilian Defense meeting at the control center on Tully Road next Tuesday. Council adopted proclamations on United Nations Day and F. H. A. week observances.

Campbell Club Wins Kiwanis Convention Award

Two district awards were displayed at the Campbell Kiwanis Club meeting Tuesday, the club again having won the travelling bell for having the greatest number of delegates and miles travelled, while the second was the Filmore award for the same attendance by 14 of the 15 Kiwanis Clubs, over which William Henley of Campbell is Lieutenant-Governor.

There were 46 from Campbell registered at the District convention in San Diego, and 125 registered from the division embracing 15 Kiwanis Clubs. There were 3126 at the convention from California, Nevada and Hawaii. Norm Corvello, president-elect of the Campbell Kiwanis Club, and William Henley, Lt.-Governor Division 12, displayed the bell and the Filmore trophy which are being retained here until October, 1956.

Rick Wilson of the California Prune and Apricot Growers Association spoke on the effectiveness of cooperatives. He said the Campbell Cooperative dryer is the largest in the world, although it is one of the older units. It assures members a constant delivery place. Ross Trowbridge was program chairman.

Vince Williams, who won a speech contest in statewide competition and who goes to Miami Beach to compete in U.S. S&L League finals, gave a forceful presentation of changing economic conditions.

Bucs Favored In Crucial Game Here Tomorrow

The Campbell varsity football team will defend its SVAL championship title tomorrow afternoon against the strong Fremont High school eleven in a crucial game to be played here.

The Bucs with a strong line, and fast ends have been given an edge to win, but the visitors have a pair of the league's outstanding players who might upset the works if any mistakes are made. Coach Jim Muir relies strongly on his line which is rated one of the best in high schools around the bay area. Ken Stanger, the Fremont coach, claims that his line, while light, is very fast.

Last year Campbell lost to Fremont, but went on to win the the championship anyway. In 1952 and 1953 the two teams tied in the standings.

It is expected that a big crowd will be on hand for the game tomorrow which starts at 3:30 o'clock.

Campbell Team In S. F. Park Race

Nineteen cross country runners from Campbell High were in a center meet Thursday with Golden Gate Park, Palo Alto, James Lick and Washington schools. The Bucs nabbed third place in competition, while Palo Alto, represented by one of the finest teams in the nation, ran away with first place. In varsity competition the first five runners were all from "Paly". A new course record was set in this particular race as Ron Larrieu was clocked at the time of 9:40.

Campbell entered a team of seven runners in the varsity event. This was the first time the Bucs have experienced varsity competition, and they found it to be rough. First to finish for Campbell was Greg Hoffman, who ran the 1.9 mile course in 11.25 to take 14th place out of 23 runners.

In the novice race Dick Tuttle made an outstanding effort capturing 7th place out of 25 participants. He was clocked at 12:01.

EDITORIAL

WHO OPPOSES THE ALLEN BILL?

Bruce Allen, who is Assemblyman from this district at the State Legislature, has stirred up quite a hornet's nest down south in charging that Long Beach interests have used the most active and heavily financed lobby in many years against his Tidelands Oil bill which would set up the mechanics for use by the State of their surplus trust funds. Allen is perturbed now that he underestimated the number of lobbyists employed by Long Beach to protect their plum.

Says he, the city attorney, the city manager, the vice-mayor and various city councilmen and private attorneys hired by Long Beach all were in Sacramento frequently in active opposition to the Tidelands Oil bill, and they did not register as required by law.

What Allen wants in his bill is some of the surplus from Tideland oil drillings, voted by the people of California, be used for statewide water distribution.

We know Bruce Allen well enough that he is not likely to yield an inch if he knows his cause is right, and there are many who believe sincerely that it is right. There really are two sides to this: Allen's which is for the state as a whole, and the Long Beach side which is for those who have interests there.

OUR BLISSFUL GOVERNOR

When Goodwin Knight was an 18-year-old freshman at Stanford University, he announced his candidacy for Governor of California and while at Cornell a few years later, he wrote a thesis on "How to run for President."

An article in the current issue of the Saturday Evening Post reports that Knight now regards the executive suite in the state capitol as sort of an earthly seventh heaven, and it states that he is the most blissful and eloquent politician in America today.

Knight is quoted as saying he wants to keep on being governor, but says nothing about him having covetous eyes toward the presidency. From our seat, we predict that there will be a Californian on both the Republican and Democratic tickets next year. We do not see Knight in the picture except in jockeying for national recognition. Being Governor of a great state like Califoria is in itself quite an honor and Knight seems deeply appreciative of the honor.

COUNTY VS. CITY BONDS

The County bonds at the election Tuesday passed by a big margin, being some $5,150,000 in general obligation bonds of which $3,300,000 would be for a county hospital, $1,500,000 for a county jail and criminal court and $350,000 for a juvenile hall. Palo Alto gave a 20 to 1 majority vote for the bonds, which alone is somewhat of a record.

The people seemed convinced there was no alternative but to approve the bonds in a prevailing serious circumstance.

Just one week before, the city bonds in Campbell lost by a fraction of enough for a two-thirds majority. It was expected and hoped that these bonds would be approved in that they were less than two per cent of the bond total of the county obligation. It was a first time for a municipal bond issue, and the result should not be discouraging. School bond elections lost in Campbell and in the Cambrian district in the last year and when called again with emphatic expression of the need, the elections then carried.

The close margin of the first bond measure in Campbell indicates that it will result in a more substantial majority if another election is called. We can't go on being renters, as departments are crowded out of existing facilities and equipment deteriorates because there is no housing for it. It is not economically sound to rent, pay multiple charges for utilities and build up the size and standard of personnel in a growing city. A citizens' committee may work out a solution, but it is not an easy one to face.

The county vote was a success, because there was a feeling of its need. The next city vote will carry under the same banner.

A TEMPLE ON A HILL

High atop Nob Hill in San Francisco yesterday there were ground-breaking ceremonies for a $5,500,000 Masonic Temple.

The three-story structure on the southwest corner of Taylor and California Streets, facing Grace Cathedral, will be dedicated as a memorial to all California and Hawaii Masons who have died in any of the country's wars. Much of the cost of the new structure was donated by Masons of Hawaii and California.

Beneath the three main stories of the concrete and steel building, will be a 450-car garage, a dining room seating 1200 and 11,000 square feet of exhibit space.

Occupying the first and mezzanine floors will be an auditorium with a seating capacity of 3200 persons. General offices of the Grand Lodge and its committees will occupy the third floor.

The Campbell Gambol

HALLOWE'EN Activities have changed in the last decade or so and new doings come up that, while probably not so exciting as those grandpa indulged in, are more interesting to groups in various age levels . . . the trick-or-treat came in practice about ten years ago, and now in Campbell the Blue Birds have a Book-or-Trick project to get reading matter for the boys at the Veterans hospital and at other places for shut-ins . . . the tiny children of the neighborhood dolled up in masks and funny clothes while carrying large paper bags will ring doorbells of homes they would be too timid to approach at other times, and pick off a jellybean, a cookie and an orange with a very happy feeling over the accomplishment . . . wonder why I never thought of those things instead of helping grease the tracks of a streetcar on a hill in Los Angeles then stretch a rope across between two poles so as to knock off the trolly every time the motorman tried to make the grade . . . the wheels would spin until the car almost got to the top then the trolley would come off and the car roll back to the bottom to start off all over again . . . we thought it great fun, even though a lot of dinners must have been kept waiting . . . and even at the University of Arizona as a freshman on a Hallowe'en I helped push a dinky streetcar that had run from downtown Tucson to the University grounds, off the tracks and some 400 feet to the door of the Assembly hall where it was discovered the next morning, and I suppose that I am the only one living with a picture of the car at that place, bearing an ad across the side by a laundry firm, "Don't kill your wife—let us do the dirty work."

SOMEONE Has been swiping ornamental plants at the Steindorf School according to Leslie Norberg, the principal who says that twice the 5th grade students have found means for replacing these shrubs but won't be able to do it again . . . in Campbell the boy scout clubhouse was ransacked three times in six days, the culprits making off with $16 from the scout coin box and breaking some window panes according to the police . . .

SIGHTEMS . . . George I. Lane, San Jose State grad who was hired by the Campbell High School District last week is now teaching a history class, a driver education class and working part time on attendance in the dean's office and who worked his way through college holding down a part-time job for a freight line in San Jose and has rock-hunting as a hobby . . . Ethan Lanphear proud as a peacock over a travelling bell won by Campbell Kiwanis Club having registered 46 delegates at the District convention last week in San Diego, and hearing that the stage setting he prepared for Footlighter's production of Sabrina Fair contributed much to the success of the play . . . the twelve postmen resplendent in their new uniforms . . . the tension that comes about when a crucial game is to be played like the one tomorrow in Campbell with Fremont which will probably decide the outcome of the SCVAL football schedule for 1955. . . . Jimmy LaPlant who tells patrons of his barbershop on Campbell avenue, that he has been playing at the game of golf for some thirty years, finally made a hole-in-one on the tricky 6th hole at Almaden course and figures that now is the time to quit . . . but he won't.

REPUBLICAN WOMEN'S MEET

State Senator Jack Thompson is to choose his own subject as guest speaker next Wednesday afternoon at a meeting of the Campbell Council of Republican Women's Club in the home of Mrs. Ross Trowbridge, 13 Alice Way.

FORMER WACS ARE ORGANIZED

An organization for honorably discharged members of the Women's Army Corps was formed Thursday in Palo Alto, the first group of its kind in the United States.

The group adopted the name, "Pallas Athenes", the insignia used at the time of the formation of the Women's Army Corps during World War II.

The women dedicate themselves to service in the community with the efficiency, determination and spirit gained from former service in the Women's Army Corps. Various fields of service, including rehabilitation, child welfare and citizenship were discussed as possible activities.

Women from San Francisco, Burlingame, San Carlos, San Jose and Campbell complete the list of twenty-seven charter members.

The next meeting is scheduled for Thursday, November 17. Former Wacs may obtain further information by contacting Mrs. R. A. Crump, 545 McGlincey Lane, in Campbell.

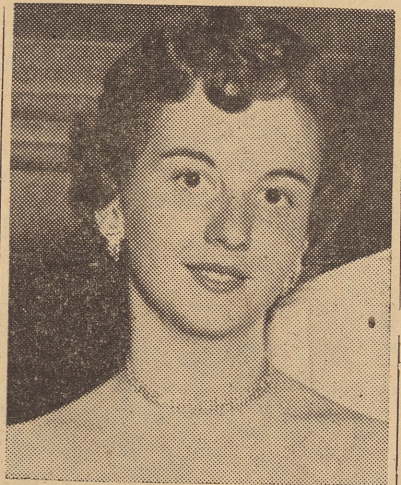
MARLENE LANGEN BETROTHED TO FREDERICK CARRINGTON



Marlene Jane Langer, former honor student at Campbell Union High School, now enrolled at San Jose State College,

The engagement of a couple of Campbell High School graduates was revealed October 15 at a tea when Marlene Jane Langen announced her betrothal to Frederick C. Carrington. The announcement was made at the home of the bride-elect's parents, Mr. and Mrs. Arthur E. Langen of 12516 Saratoga Avenue.

Two Foxes Killed In Westside Hills

Two foxes with rabies symptoms were shot in the westside foothills, according to the County Health Department. One resident saw a fox in his backyard and was forced to shoot when it started to attack him. The second fox was shot along the road nearby.

Both animals were said to be in convulsion, snapping at the air and clawing at their mouths, which the health department says is a characteristic of rabies. Tests for rabies are being made at the public health laboratories in Berkeley.

The department is concerned that rabies from infected wild life might be transmitted to domestic animals. It reports that human beings reported 995 animal bites to the department in 1954 as compared with 785 in 1953. Department advises the animal not be killed but be tied up or penned, then notify the sheriff's office. If the animal has to be killed in an emergency, try not to injure its head for that will destroy evidence of rabies.

YOUTH OF ATOMIC WORLD, IS TOPIC AT CAMDEN PTA

A few additions to the equipment of the new Camden High School, an understanding of teenagers by parents and other adults, a wider community understanding of the school, a scholarship fund for graduates, and the continued realization that the school is the center of any community were cited as the needs of Camden High School, as brought out in a panel discussing "What Are Our Needs" at the Camden PTA meeting Wednesday night.

Included on the panel were Bonnie Jean Chapman and David Madril, students, "Mac" McCullough and Chester Root, representing the community, and Mrs. Ruth Owen and Robert O'Neil representing the faculty.

Over 150 attended the first regular meeting of the newly-formed PTA. The school orchestra under the direction of Richard Gordon presented four numbers following the potluck dinner.

Mrs. Allen Weltz, president, presided, and Mrs. Eugene Andres served as moderator of the panel.

The panel developed the general theme of the need to understand the teen-ager of today in the modern atomic world. It was suggested that of a student body of 700, only 10 to 15 students are real "problems" and that even those can be reached by mature and realistic understanding.

Following the ceremony, a reception was held in the garden patio of Mr. and Mrs. Edwin E. Kersgard, Dry Creek Road, Campbell.

WHAT'S DOING

T. K. Nordheim, your Telephone Manager in Campbell

Housewife rates her telephone "tops"

"Of all my household items," says Mrs. F. G. Dominey, "I think my telephone is the most useful. I can't count all the ways I depend on it. For example, I do a lot of my shopping by phone. Then there are the calls for repairmen, to make appointments, to round up my youngsters in the neighborhood, and for a hundred and one other things. And that doesn't include all the pleasure our phone brings us...as a fast, easy way to visit friends and relatives. I certainly don't know what we'd do without it." Most people we've talked to agree with Mrs. Dominey about the usefulness of the telephone. Isn't it true that few things which serve so well cost so little? **Pacific Telephone works to make your telephone a bigger value every day.**

Enjoy a family visit in several cities at once by long distance

Did you know you can actually talk to several members of your family at the same time by long distance? Well, you can, even if they're scattered all over the country. Each of you can talk back and forth to the rest as if you were all in the same room. We call this a telephone conference call. To place one, just tell your operator the people you want to talk to, where they live, their phone numbers, and when you want to talk. She'll do the rest. You'll be pleasantly surprised at how little it costs, especially if you call after 6 p.m. in the evening or any time Sunday. Why not give your whole family a real surprise with a conference call tonight?

Want to save shopping time?

What's more tiring than to travel from store to store, in search of some special item, without finding exactly the thing you want? Then, of course, you run across it in the very last place you try. And your feet tell you how long and hard you've looked. But you can easily save yourself all this trouble by using the Yellow Pages in your telephone book. They quickly show you where to find almost any item imaginable. So next time you have shopping to do, turn to the Yellow Pages first. They're your handy guide to the local people who sell or serve. **Pacific Telephone.**

LEE BROS. TO ISSUE STOCK TO EMPLOYEES

Bill and Bob Lee, both vice-presidents of the fastest growing food chain stores in the San Francisco East Bay and Peninsula Areas, opened their first Lee Bros. "Smiling Service" market 14 years ago in San Leandro. During that time the organization has grown from one store, two man operation into 14 super markets with hundreds of employees. One of the keys to the success of Lee Bros. is the attitude of its employees, toward jobs, customers and management, stated Bill Lee, and the company, to show its appreciation towards its employees will issue stock on a payroll deduction plan. November of this year Lee Bros., Inc. proposes to offer 11,500 shares of 6% preferred stock of the par value of $25 per share, and 11,500 shares of common stock of the par value of $1 per share. With each share of preferred stock there will be sold one share of common stock. The price will be par for both. No commissions will be paid, nor are there any underwriters. The preferred stock and common stock shall each have one vote, providing, however, that the preferred shares shall acquire the right to elect a majority of the Board of Directors when the corporation has passed the amount of eight quarterly preferred dividends.

The proceeds from the sale of the stock will be used to supply additional capital to the company, for use in expansion of its business which includes five new supermarkets to be built in 1956. Through Lee Bros. period of growth they have not lost sight of the fact that their business is built on service, "LEE BOS. Smiling Service".

NINA SHRIVER in the hospital for surgery. VELMA TIMMONS out of same, recuperating at home. REV. and MRS. HERBERT J. HOOVER, of Quito Baptist Church—a first child, Paul Donald, born Oct. 19. MR. and MRS. JOHN E. DUGGAN, a new daughter, born last Friday.

BILL CHRISTENSEN and family took in Disneyland--and liked it.

ONE TEAM OF MOTHERS WON THREE OUT OF FOUR Volley Ball Games against two teams of sixth graders at Moreland—all from the room of teacher Cecil Cox. These sturdy mothers were: Clara Strawhand, Evelyn Prinz, Marian Rueter, Alma Porter, Lou Schlobohm, Jean Ecke, Mary Drew, Beverly Coe, Jean Jolly and Susie Yanari. The boys and girls who went down defeated and bowed were: Howard Allen, Bruce Beechie, Sandra Tomlin, Lee Ann Turner, Judy Alessi• Margaret Schlobohm, Sandy Charlton, Dorothy McLeod, Bonnie Coe, Barbara Hoover, Dolores Monroe, Sara Beth Mallory, Marsha Smith, Phillis Cunningham.

Westhope United Presbyterian Church of Quito, celebrated the tenth anniversary of the ordination of its minister in a most unique manner. Rev. Donald W. Jolly attended what he thought was a usual family potluck dinner at the church last week and was really surprised when the entertainment turned out to be a "This is you Life" program, complete with scrap book filled with pictures depicting the various stages of the minister's career. Mrs. Madge Martin was program director, assisted by Mrs. Jolly during the preceding week in collecting photos. Edward Craig was M. C., and for the occasion was called Craig Edward—not Ralph. There were on the program the first baby christened at the Church—Randy Leeper, son of the Richard Leepers, and the first couple married—Mr. and Mrs. Bill Lester, as well as many other out of town guests.

CAMP THOUGHTS WHILE AT HOME: We had just set up our camp at Castle Crags when I first saw the old lady about 70, pulling a twelve-foot trailer with an old Model A. She couldn't get it backed in just where she wanted it, and appealed to various nearby campers for assistance. None would venture to get behind the wheel of her antique car, but all were very helpful about standing about and giving directions. The ranger finally was called, and deposited the trailer into the spot the woman wanted. When her assistants had all left, I saw her bring out a dozen potted plants and arrange them around her camp site. When she saw me, she said: "I wish now I had my trailer door facing the other way, then I would have a larger front yard." I observed, "It hardly seems worth while bringing your plants along for a trailer trip." She told me she lives in hers the year round and had just spent 10 days alone fishing on Hat Creek. When I learned to know her better, she told me she had diabets, and was just about at the point where insulin shots are necessary. I remarked that then surely, she would give up her nomad life. She said she wouldn't think of it. She would learn how to give shots to herself. She had worked hard, all her life, doing restaurant work, supporting several children unaided, and had promised herself that when they grew up and married, she would live in a trailer, and for once, get her fill of fishing. Her children were all settled in their own homes five years before, and since then she had exulted in her care-free life. Once, when I dropped in on her in the trailer, she was reading a well-worn Bible.

I think I can never sit before the open flames of a camp-fire without thinking of that brave, old woman, sitting alone, before a similar fire. She had escaped from the cares of everyday life and family, had her fishing and her freedom. She was alone with her illness, but had her God.

'Sabrina Fair' Real Triumph For Footlighters Group

An excellent presentation of the Samuel Taylor sophisticated comedy, "Sabrina Fair" was given in the Campbell High School auditorium Friday and Saturday evenings by the Footlighters, a little theatre organization operated since 1939 as a service group in Campbell. The production was smooth and fast-moving and it had good scenic effects and lighting.

Cissy Dudley, as Sabrina Fairchild, a new comer here gave a performance that was buoyant and of central interest. She played the part of the chauffeur's daughter just returned from Paris with a sophistication that drew affections of David and Linus Larrabee, the sons of the estate owner where her father was employed. This caused a little eyebrow lifting by the mother, played by Edna Bowles and by their aunt Julia played by Betty Franks.

Linus Larrabee, Sr. played by LBen Howard, saw the girl as very attractive and interesting but hardly at the right station, until it was learned that Sabrina's father invested wisely in stocks and had become very wealthy. In the meantime a suave Frenchman, played by Armand Lagomarsino, erstwhile suitor to Sabrina's hand, arrived unexpectedly to pursue her affections. She rejected him just as she did David, the amorous of the two brothers, saying she felt more toward Linus, the hard-headed business man, who was taken aback by this statement.

Aunt Julia, a novelist, tells him to "quit acting like a God and be yourself" which he then proceeded to do, and the story ended happily. Linus and David Larrabee, the two brothers in the play, are brothers in real life as Charles and David Heddy.

Cissy Dudley brought refreshing experience from Eastern theatre stock, being especially expressive with her hands. Chuck Heddy also gave an excellent performance in positive action, and weakening gradually in yielding to a woman's affection. LBen Howard carried his part well as the explosive elder member of the Larabee family and business firm. Edna Bowles as Maud Larabee, the mother, making her debut as a Little Theatre actor, did very well.

There were witty sayings to amuse audiences both nights. No member of the cast seemed to miss a cue at the first night's performance and it was evident that the directing had been well taken care of with good talent to work with.

A cockatoo brought by Sabrina from Paris as a gift to Maud Larabee, the mother, was supposed to say a few words in French, but in spite of three members of the cast singing little ditties in French to it, all the bird did in return was to stretch its wings, which in bird language is sort of a long yawn. The bird was loaned by Jay's Pet Shop while live shrubs and plants were from James Nursery and Paris gowns worn by Sabrinia in the first act, from Van Arsdale's Dress Shop.

William Chestnut, director has long been identified with theatre guild productions and has had professional acting experience both at New York and Hollywood.

Production staff included William Chestnut, director, Bonnie Bennett, assistant director; stage sets by Ethan Lanphear, lights and sound effects by Chuck Stephens and Ray Etta Nelson; make-up by Mr. and Mrs. William Chestnut; stage manager, Chuck Stephens, Max Bowles and Phil Cosentino; stage crew, Max Bowles, Budd Levenberg, Bert Legg and Ernie Leick; posters by Ethan Lanphear; publicity by Betty Legg; costumes by Pat Meiss, Zee Romer and Marion Nelson; properties by Ellen Lanphear, Alma Fanning and Lucille Corvello.

High School News

Best "fixer-upper" among local high school faculty members is shop teacher, Frank Meiss, who can repair, repaint, or reassemble a usable object out of spare parts.

This year's PTA sponsored Campbell High School Variety Show previewed in high school assemblies last Tuesday leans toward gaieties full of music, mimics, and hits from Broadway shows between 1890 and 1940. Highlight of the show features dances of the twenties, including the knee-action Charleston.

A choir of eighty-three members will be featured in this year's show, to be presentd to the general public on Thursday and Friday nights, November 3 and 4 in the auditorium. The song group will participate in a big production number of "Oklahoma".

Choir director Frank Triena reports that spirit and interest in the chorus are at an all time high and that membership in the choir is at an all time enthusiastic peak, as well. Triena is full of joie de vivre himself, for he is just back from Europe, where he spent a "sensational Summer" touring the music halls of fifteen nations, in an all-teacher tour sponsored by Temple University of Philadelphia.

Student Body secretary, Ethel Dorman, who told of her experiences at Girls State in Sacramento last Summer at the assembly Tuesday. Ethel plans to major in merchandising at Occidental College in Los Angeles after graduating next June.

Campbell High School's Speech and Debate Club is looking forward to spending two big days at Stanford University, where they'll compete against twenty other Northern California high schools in forensic contests on "The Farm" on Friday, November 11th, and Saturday, November 12th. The topic: Should the Government Subsidize Education?

The club with the most worthy objectives this year call itself the "Teachers of Tomorrow". In their meetings conducted by advisor, C. P. Klassen and student president, Pat McClenahan, they hear from teachers now in different fields.

CAMBRIAN SCHOOLS HAVE 76% OF PUPILS ON DOUBLE SESSIONS

Pamphlets, containing detailed information on the forthcoming bond election, have been delivered to parents of the school district. The election will be held November 8th at the Cambrian and Steindorf Schools.

The purpose of the election is to provide funds which will enable the district to provide adequate schools for the ever increasing student body.

At present, the districts two schools have 1702 students. 1309, or 76%, of the pupils are on double session. It is estimated that the enrollment will reach 3,000 in the next two years. Unless additional schools are built, it will be impossible to provide proper education.

The district is classified as an "impoverished school district" which allows that if the district is bonded to its maximum, it is eligible for state aid. If the district bonds itself for $300,000, it will be eligible for $1,800,000 in state aid. Both appropriations must be passed by a 2/3 majority vote.

The money will be used for completing the Steindorf and Bagby Schools, construction of a fourth school, and purchase of sites for construction of a fifth and sixth school.

BUCS WIN 18-0 OVER MT. VIEW

By Steve Dunn

The Campbell High Varsity Buccaneers won their third straight game, as they rolled over the Mountain View Eagles, 18-0, last Friday, here at home. Up to this time the Bucs have not been scored against in league competition. As usual, the line proved to be hard to crack. The Eagles could only penetrate as far as the 25 yard line of the Bucs.

Offensively, the knockout punch was the running game of the Bucs. A host of Campbell backs accumulated a total yardage of just under 256 yards rushing. In addition, the Bucs displayed a much improved passing attack garnering over 100 yards through the air. Jerry Sutton threw for 47 yards, while Jim Corbus, out of three attempts, completed three passes for a total of 64 yards.

The game started with a bang. The Eagles kicked off, and Campbell received on their 35 yard stripe. On the first play from scrimmage Jerry Sutton faked a handoff and then swung out on the option play, then unlimbered a long aerial which Tom Clark, left end, gathered in and carried all the way to the Eagle 18 yard line. After a running play and a penalty the ball was on the 20. At this point Russ Cahill took a pitch out and romped all the way to paydirt. In all, the drive covered 65 yards in three plays. The try for extra point failed, so, only 2 minutes and 20 seconds into the game, the score stood at 6-0.

The second touchdown of the game was set up by a 34 yard run by Bud Scribner which carried to the 10 yard line of Mountain View. From this point two more running plays produced the six pointer. Jerry Sutton did the honors, as he hustled the last nine yards. Again the extra point was not made. The score then stood at 12-0.

The Bucs next regained possession of the ball on their own 38. Among other plays of 19 yards by Bob Ulloa, 24 yards by Ray Nishijima and 16 yards by Russ Cahill carried the ball deep into Mountain View territory.

However, a fifteen yard penalty stopped the drive, and the Eagles took over. With time running out in the first half the quarterback of Mountain View, Gerry Velpe, lofted a pass which Gene Bowen, Buc defensive back, picked off and carried to the 25 yard line of the Eagles. After losing 10 yards Bud Scribner then carried to the 5. Ray Nishijima got 4, and Russ Cahill, with 30 seconds left in the half, scored his second T. D. by plunging the final yard into the end zone. However, Cahill was thrown back, as he attempted to get the point after touchdown. The score at this point was complete at 18-0.

The second half was mostly eventless. The final play of the game saw Jim Corbus loft a beautiful pass to Jerry McSpadden, who was tripped up just short of the goal line, as the gun went off.
